

Conserve Water @ Brigade Meadows

Sridheeksha - 6E, SSRVM

Optimize Water Usage for Gardening

Stop using domestic water for garden irrigation. Instead, use STP (Sewage Treatment Plant) treated water.

Stop Car Washing with Domestic Water

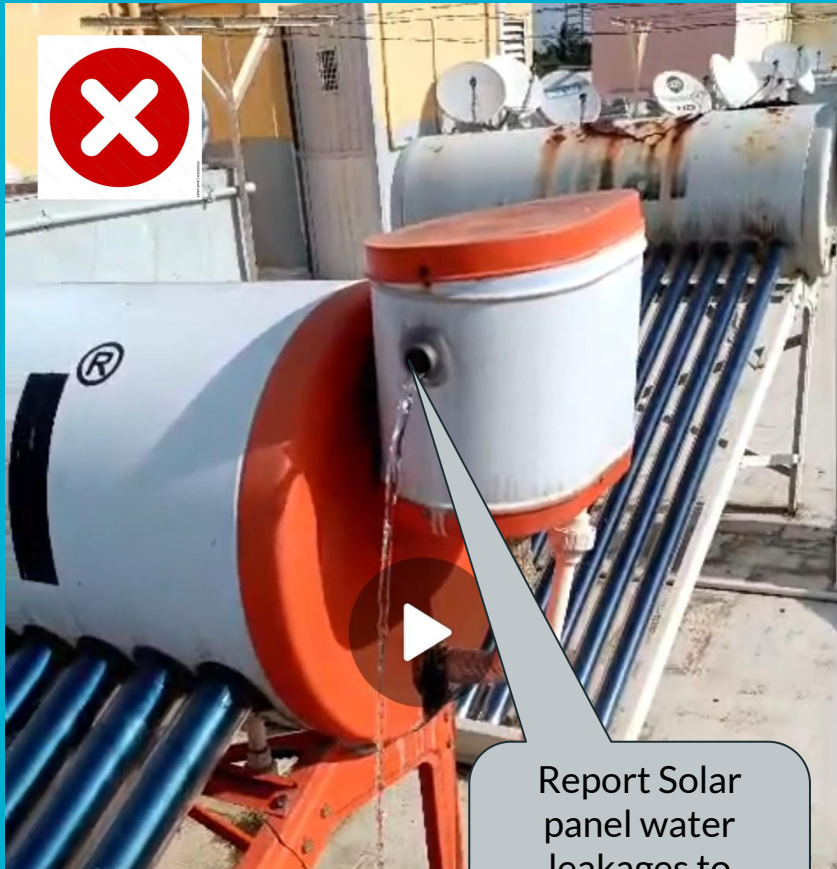

Refrain from using fresh water for car washing. Explore alternative methods like waterless cleaning or recycled water.

- Use spray guns instead of bucket washing and hose pipes

Fix Leakages in Solar Heaters & Common Areas

Report any leakages on terraces or in common areas immediately. Regularly inspect solar heaters.

Report Solar panel water leakages to plumbers immediately

Report OHT water overflow issues to plumbers immediately

Use STP Water for Toilet Flushing

Ensure that toilets are connected to the STP water supply instead of treated WTP water. If you notice WTP fresh water is connected to flush tanks, report it to plumbers get the connection changed to STP water immediately

Reuse RO Reject Water

Collect RO reject water for mopping floors and other household utility purposes. Such as washing clothes, washing utensils, and mopping the floor

THE BETTER INDIA

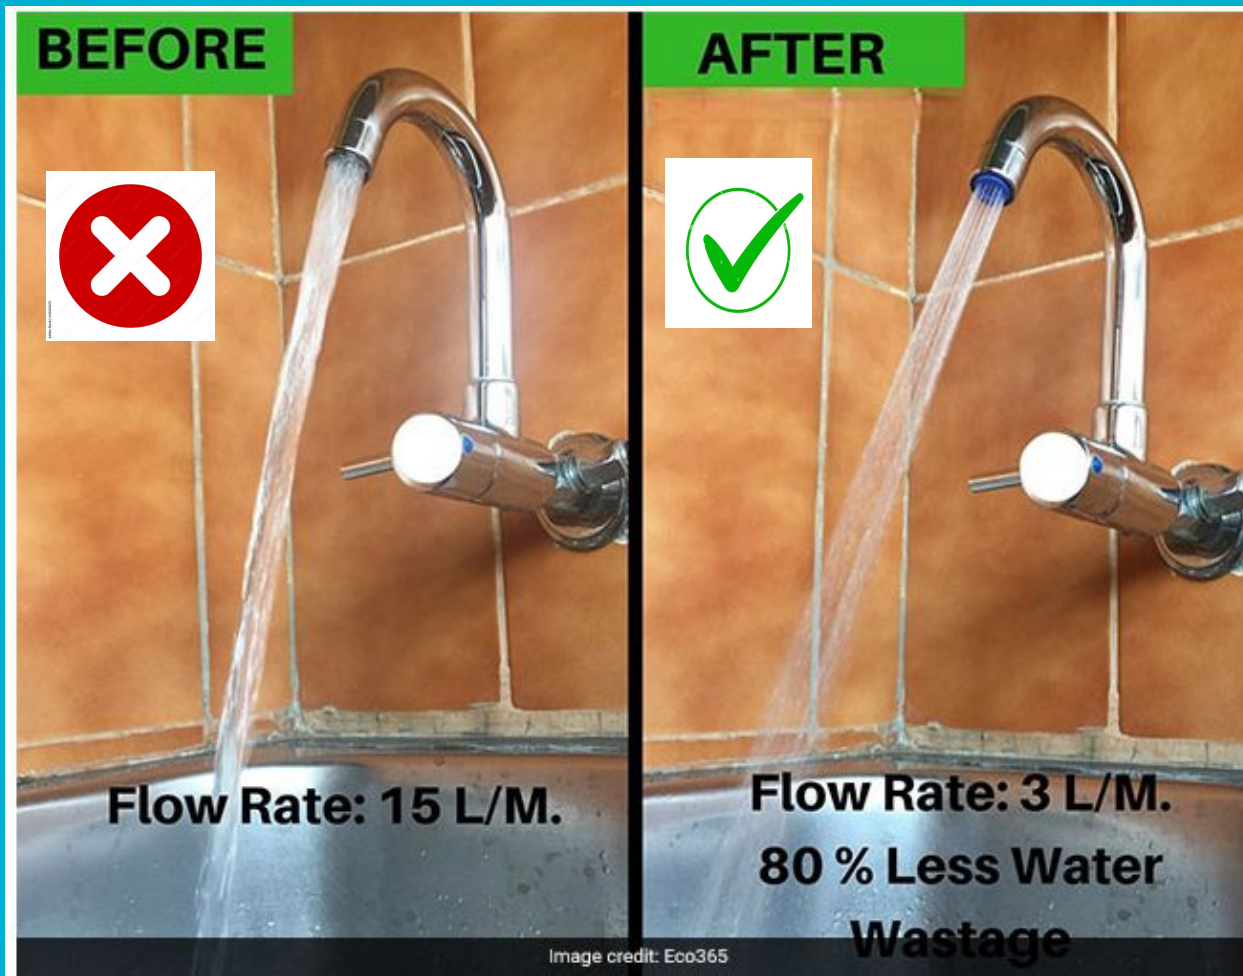

Did you know

In one year, a single RO can reject nearly 6 tankers of water. Investing in a simple dispenser can save all that reject water.

Every Drop Counts. Save Water

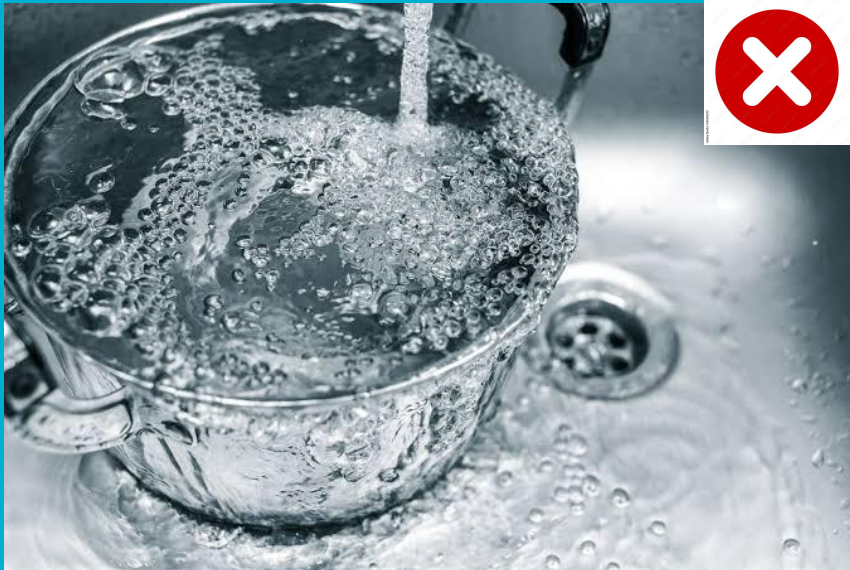

Install & Maintain Tap Aerators

Fit aerators on all taps to reduce water flow without compromising efficiency.

Practice Mindful Water Usage

Encourage family members to be mindful of their water consumption.

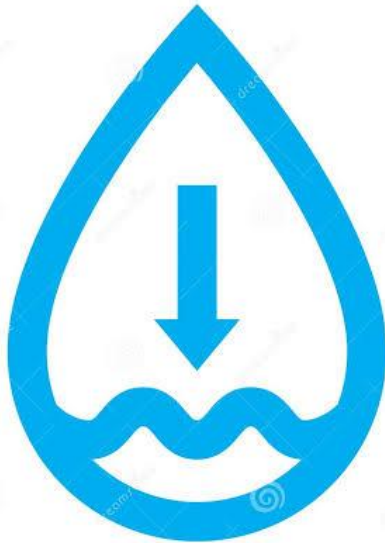

Create Awareness Among Tenants & Guests

Inform tenants and visitors about the prevailing water crisis in Brigade Meadows Community.

Follow Water-Saving Techniques in Daily Chores

Use minimal water when brushing teeth, washing clothes and utensils.
Reuse water wherever possible.

Every Drop Counts!

- Let's take responsibility and act now to secure our water supply.
- Together, we can make a difference!
- For concerns or reporting about water leakage contact the water management team / plumbing team- watermgtteambm@groups.google.com
- Report leakage to plumbing team @ BM - Plumbing common BM - 9606046562
